MOCK INTERVIEW SCRIPT

1. Why are you applying for this apprenticeship program?

2. Describe your knowledge of / or experience in the work of this trade.

3. This apprenticeship program requires a strong math background. Have you had the opportunity to use math skills in previous jobs or in school?

4. As an apprentice, you will be required to work on several tasks at once. For example, you might begin work on a job and then be asked by a co-worker to help out on another part of the job. How would you decide which job to do first?

5. How will you make sure that you will be at work, on time, everyday?

6. What are your weaknesses?

7. Why should we select you?

8. Do you have any questions for me?

(Question #9 is left open for interviewer to create a question of their own based on personal industry experience or expertise)

9. ?
